Subject: Swimming Pool Competition

Dear members of South Kirkby & Moorthorpe Town Council

We at Minsthorpe Pool Action Group (MPAG) would like to formally thank you for your contribution to the prizes for our Design a Swimming Pool competition.

We have eleven schools from across the South East of the district taking part and based upon the first entries that we have already received it looks as if the standard will be very high.

All schools have already received book vouchers towards their own part of the competition and are providing four finalist entries for judging where there will be plenty of further prizes on offer.

We now need to make arrangements for a venue, or venues, to display the entries and we are looking to do this in the middle two weeks of June.

We also need you to nominate one person to take part in the judging which will be towards the end of June. It be preferable if they are also available for a publicity photoshoot with the winning children and schools at the start of July.

We will contact you again by email shortly to make these arrangements.

Once again, thank you for your assistance with this.

Regards
MPAG
