Dear Mr Draper,

Please pass on our thanks to the Town Council for their generous donation to the Army Cadet Detachment. After a false start I have now purchased the portable projector and enclose a copy of the receipt for your records.

As previously mentioned in my application, this will be an asset in both the detachment, to allow presentations and lessons in both of our classrooms and when the cadets go away to other military establishments for the weekend or annual camps.

Once again thank you from all members of the detachment for the fabulous donation.

Yours sincerely
